9 evidence-based finding(s): 0 critical, 5 high, 1 medium, 3 low. 3 item(s) need additional verification.

RECOMMENDED FIRST STEPS

1. Largest Contentful Paint
2. First Contentful Paint
3. Speed Index

PERFORMANCE & TECHNICAL

Largest Contentful Paint | HIGH PRIORITY | Effort: Needs technical review

WHAT WAS OBSERVED

Largest Contentful Paint measured 20.8 s in the mobile PageSpeed audit.

EVIDENCE

https://primallypure.com/: 20.8?s ? Google PageSpeed Insights / Lighthouse

WHY IT MAY MATTER

Slow or unstable rendering can make product discovery and purchase interactions less comfortable, particularly on mobile connections.

RECOMMENDATION

I can review the page's critical rendering path and prioritize the largest above-the-fold content.

Verification: verified | Confidence: high

First Contentful Paint | HIGH PRIORITY | Effort: Needs technical review

WHAT WAS OBSERVED

First Contentful Paint measured 3.2 s in the mobile PageSpeed audit.

EVIDENCE

https://primallypure.com/: 3.2?s ? Google PageSpeed Insights / Lighthouse

WHY IT MAY MATTER

Slow or unstable rendering can make product discovery and purchase interactions less comfortable, particularly on mobile connections.

RECOMMENDATION

I can review the critical CSS and initial theme requests to identify what delays the first visible content.

Verification: verified | Confidence: high

Speed Index | HIGH PRIORITY | Effort: Needs technical review

WHAT WAS OBSERVED

Speed Index measured 14.0 s in the mobile PageSpeed audit.

EVIDENCE

https://primallypure.com/: 14.0?s ? Google PageSpeed Insights / Lighthouse

WHY IT MAY MATTER

Slow or unstable rendering can make product discovery and purchase interactions less comfortable, particularly on mobile connections.

RECOMMENDATION

I can inspect the storefront's critical rendering path and prioritize the assets that

delay visible content.

Verification: verified | Confidence: high

Total Blocking Time | HIGH PRIORITY | Effort: Needs technical review

WHAT WAS OBSERVED

Total Blocking Time measured 2.2 s in the mobile PageSpeed audit.

EVIDENCE

https://primallypure.com/: 2,170?ms ? Google PageSpeed Insights / Lighthouse

WHY IT MAY MATTER

Slow or unstable rendering can make product discovery and purchase interactions less comfortable, particularly on mobile connections.

RECOMMENDATION

I can inspect theme and third-party scripts and identify non-critical work that can be deferred.

Verification: verified | Confidence: high

PRODUCT PAGES

Add-to-cart control was not detected in returned HTML | HIGH PRIORITY | Effort: Needs verification

WHAT WAS OBSERVED

The inspected HTML did not contain a recognizable add-to-cart form or button.

EVIDENCE

https://primallypure.com/products/holiday-home-collection: No recognized /cart/add form or add-to-cart button selector was detected.

WHY IT MAY MATTER

If shoppers cannot find the purchase action, the product page may not support a clear buying journey.

RECOMMENDATION

Verify the add-to-cart control is visible, labeled, and usable on desktop and mobile; this audit did not submit a cart action.

Verification: needs_verification | Confidence: low

MOBILE USABILITY & ACCESSIBILITY

Some images lack alternative text | MEDIUM PRIORITY | Effort: 30?60 minutes per affected template

WHAT WAS OBSERVED

2 of 76 inspected image(s) had no non-empty alt text.

EVIDENCE

https://primallypure.com/: 2 of 76 <img> elements had missing or blank alt attributes. | https://primallypure.com/products/holiday-home-collection: 1 of 52 <img> elements had missing or blank alt attributes.

WHY IT MAY MATTER

Meaningful product and promotional images may be less understandable to screen-reader users.

RECOMMENDATION

Add concise, accurate alt text to informative images; use empty alt text only for decorative images.

Verification: verified | Confidence: medium

SEO & SEARCH VISIBILITY

Multiple primary headings were detected | LOW PRIORITY | Effort: 30?60 minutes

WHAT WAS OBSERVED

2 H1 headings were detected on this page.

EVIDENCE

https://primallypure.com/: Detected headings: Bundle Up Your Barrier | Bundle Up Your Barrier

WHY IT MAY MATTER

A clear heading hierarchy makes page structure easier to understand and maintain.

RECOMMENDATION

Review the heading hierarchy and use one clear page-level heading, with subsequent headings nested by section.

Verification: verified | Confidence: medium
